Six Steps to Lower Cooling Bills

With hot summer weather just around the corner, now is the time to give your home a “checkup.” Here are six tips from the Comfort Institute to make sure your air-conditioning bills don't blow your cool!

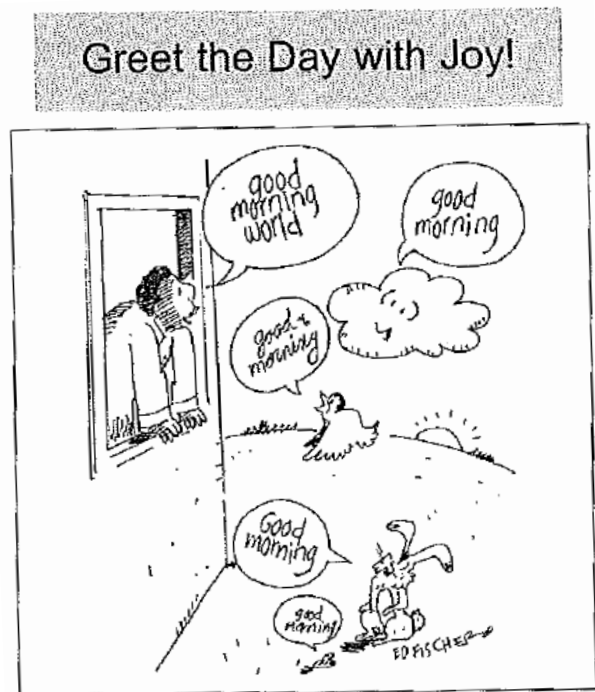

1. Have your duct system tested for air leaks by an AC contractor and then seal them with a brushed-on fiber-reinforced elastomeric sealant.
2. Ask your AC contractor to perform an Infiltrometer “blower door” test to pinpoint where your home's worst air leaks are (such as duct leaks). It also measures how leaky the overall house is.
3. Close your fireplace damper. Shut it now, or waste precious cool air all summer long!
4. Replace your air conditioner or heat pump air filter. Most systems should have this done every month to ensure safe and efficient operation.
5. Have your air-conditioner cleaned and tuned. It reduces the chances of breakdowns in the middle of summer and more than pays for itself through more energy-efficient operation.
6. Consider replacing your old air conditioner or heat pump. Just like a car, central cooling equipment doesn't last forever.

Bypass Automated Phone Systems

You have to deal with "phone trees" every day—those frustrating mazes of "pushing or saying 'one'" and entering extensions. How many times do you wish you could just talk to a real live person?

The gethuman database can give you the shortcuts to get out of the computer maze and get to a human when you call the customer service number. From AAA to XM Radio, they're all listed at www.gethuman.com, with the information you need to get straight to customer service. (Actually getting help is not guaranteed.)

Get Ready to Run

The Vibrant Life 5K Fun Run & Walk is only 3½ months away, so you have time to get ready. Get ready to run or walk the course, by yourself or with a friend or more. Find a registration form in the lobby or in the magazine stands or call Linda Starkey at ext. 4019 to get one, then make the commitment and send it in.

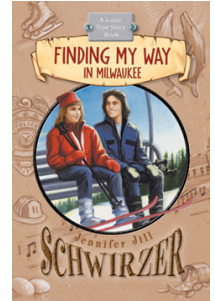

If you're not a runner or walker, then you can get ready to be a helper. Linda Starkey needs volunteers who can help register participants, watch at checkpoints, fill water jugs, blow up balloons, etc. Call her to see how you can help make the race successful. Race day is Sunday, September 30, 2007.

Title: **Help! I've Been Asked to Preach**

Author: **Maylan Schurch**

With great examples and stories, this book takes you step by step through building and delivering great sermons.

Especially useful in churches that share a pastor or for people with a burden to preach.
